1. Leighton and Ngo are cited as of interest.
2. Claims 1-22 are allowed.
3. The following is an examiner's statement of reasons for allowance: the cited prior art fails to show a write driver for an inductive head element in a disk drive comprising a resistive element selectively coupled with the head element for providing impedance matching for the head element, the resistive element is decoupled from the head element during the second current time period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
